Soundhouse actively encourages and facilitates integrated music making and technology in schools. Soundhouse.org.au.

Soundhouse Video

Gigajam

O-Generator

8 Innovative teaching & learning resources in one plan for \$199

Soundhouse Video

Love it, learn it, play it. Play along with the interactive video of your favourite song. Slow it down, mute parts and watch how the professionals play the song. 20 to choose from per month and you get 5 to play each month. MAC and PC

Particularly helpful for those technical questions. An invaluable resource.

15% off any PD classes attended by any teacher in your school.

Soundhouse locations offer a range of Professional Development workshops in the many aspects of music and technology in the classroom. From Musical Futures to individual software applications in the classroom, you can find something you will enjoy at Soundhouse.

Gigajam

Interactive lessons delivered in ways that students like to learn. Every school can now afford to provide guitar, bass, keyboard and drum tuition for all pupils. 12 months free access to this comprehensive resource when you subscribe to Gigajam. MAC and PC.

Soundhouse Resource bank

Lessons ready to go for your classroom tomorrow. Searching for that great lesson on a particular topic? We might have it. Browse through a wide range of topics and titles. You will find lessons written in Cakewalk (Sonar), Finale, Sibelius, Garage Band, Acid Music, Vegas Video and much, much more. Click and download and its yours. Upload and Share some back and the bank grows.

O-Generator

Have your class composing and playing fantastic and complex rhythms instantly with the help of O-Generator. This demonstration copy projected on to your classroom wall is all you need. Mac and PC.
